*APR = Annual Percentage Rate. All loans subject to approval. Rates, terms and limits may vary and will be subject to applicant's credit profile and FICO score. Loan rates above reflect a .25% discount for automatic payment feature from an ACFCU account and/or having or obtaining an ACFCU MasterCard. Current ACFCU loans not eligible unless a minimum advance of \$1,000 is taken. See credit union for complete details.

An ACFCU CD Is A Great Way To Save!

Make the most of your money with a certificate of deposit (CD) from Auto Club Federal Credit Union. CDs pay higher yields than regular savings accounts, because the money is not as easily accessible.

**Yields As
High As
2.75% APY!***

A CD works like this: As your regular savings grow, and your emergency fund nears the cost of living expenses you might need in a crisis, you will find you can afford to let Auto Club Federal Credit Union lock up some of your savings for a period of time. In return, you can expect us to give you more interest than you receive on your savings account. The longer you allow the credit union to use your money, the higher your interest rate will be. When the term expires, you can cash out the principal and interest, or roll the CD over for another term for even greater earnings. You can also choose to withdraw the interest payments as you receive them.

A low \$500 minimum deposit lets you maximize your yield with the complete security of \$250,000 in NCUA insurance. We offer terms from three months to four years at rates that yield as much as 2.75% APY, which is one of the most competitive rates you will find in the area!* Contact one of our friendly member service representatives today to start your savings plan!

*APY = Annual Percentage Yield. Rate effective 8/3/09 and subject to change without notice. A penalty applies for early withdrawal. Interest compounds monthly. See credit union for details.
